THE LIGHTEST-RUNNING MACHINE IN THE WORLD.

With our printed directions, no instruction or mechanical skill is required to operate it. The construction of the machine is based upon a principle of unique and unequalled simplicity, comprising simple levers working upon centres. The bearings are few, and they are hardened and polished.

The machines are made at our new works in the city of Newark, N. J., with new special (patented) machinery and tools, constructed expressly to accomplish what we now offer.

Every machine fully warranted.
